

Home Energy Advisor

Marc Brooker is a Home Energy Advisor in Arun District Council's Wellbeing Team and can offer bespoke advice to Arun residents who may want help in reducing their energy costs.

He has a good knowledge of what assistance may be available to people in energy debt who are struggling to pay their gas or electricity bills and can let you know if you're eligible for any of the insulation and heating improvement grants available to Arun residents.

As soon as COVID restrictions are lifted, Marc will be able to make planned home visits to look at specific issues at a property, such as checking insulation levels and causes of damp and can advise on efficient use of heating systems.

If you would like to book a telephone appointment or, when permitted, a home visit from Marc, please fill in the self-referral form from the link below.
